**Subject:** Belt Railway Donation

Ms. Reshma and Mr. Berlin,

On behalf of the Chicago Fire Department Hazardous Materials/WMD Division I have accepted a donation from the Belt Railway. They have provided us with an 18"x18" [Magnaseal](#) leak patching magnets. This kit will be placed in service on our Hazardous Materials Unit 5-1-1 to limit the spread of a chemical hazard and protect the public. I am unable to get a price on this product without requesting a quote, however a Railroad employee estimated the cost at about \$3,000. Please let me know if there is anything additional I need to do for this donation.

Thank you.

~Jason Satriano
